Board Minutes

1	Apologies and Introductions The members were welcomed to the meeting.
2	New Government Policy The board made a decision that a Press Release is to be issued by the RSA to welcome the new Government policy announced on Wednesday of two Independent agencies. This was articulated in the Government decision by stating <i>"It is envisaged that the RSA will be reformed into two independent agencies, one focused on the delivery of services and operations and the other responsible for wider road safety initiatives including media campaigns, education and research. Government has today approved the development of a comprehensive implementation plan to progress this reform."</i>
